Sometimes you have to stop, look back at where you started, and realize just how far the Lord has brought you.

What started as a simple passion for coyote hunting has turned into something I never could have imagined!

It started with getting into predator hunting, learning the sport, and developing a love for the equipment and technology behind it. That passion eventually turned into a little side gig. That side gig grew into a small “store” in our basement. Before we knew it, we were opening our first brick-and-mortar storefront.

And TODAY, we officially took another HUGE step forward… purchasing our very own 4,200+ square-foot commercial building!

I can still remember when this was nothing more than a hobby and an idea. Never in my wildest dreams did I imagine that BARKER OUTDOORS would grow into what it has become today.

From that little basement operation to now shipping our products to OVER 40 COUNTRIES AROUND THE WORLD!

Today, you can find BARKER OUTDOORS products on Amazon, eBay, our website, and at sportsman shows throughout the region. And soon, we will be welcoming customers into our BRAND-NEW, LARGER STOREFRONT!

But this story is about so much more than selling hunting equipment or purchasing a building. To my family, thank you for believing in this crazy dream, supporting me through the long hours, and putting up with everything that comes along with running a growing business. I couldn’t do this without you!
To our customers, friends, fellow hunters, dealers, and everyone who has supported BARKER OUTDOORS along the way — THANK YOU! Whether you’ve purchased a product, stopped by our booth at a show, shared a Facebook post, recommended us to a friend, or simply offered encouragement, you’ve helped make this dream possible.

We are incredibly proud of where we started, thankful for where we are today, and beyond excited about where we’re headed!

From hunting coyotes… to a basement store… to a storefront… to a worldwide customer base… to owning our own 4,200+ sq. ft. building.

Stay tuned as we begin renovations and prepare for the next chapter of BARKER OUTDOORS!
